

# CORPORATE VOLUNTEERING AT SPRING COMMUNITY HUB

## Group Volunteering at Spring Community Hub - What you need to know

We can usually take groups of between 8 and 10 volunteers for AM (10 – 1pm) or PM (1 – 4pm) sessions but timing and group size depends on the task in hand.

We provide a full online induction prior to volunteering during which we explain Spring Community Hub's purpose and ethos and we encourage discussion of issues around food poverty.

We want to ensure that the team is aware that the task they will help us with, while it might be mundane, will directly help people in crisis in Southwark. Some of our activities require our volunteers to have full DBS checks but that is not always the case.

Some charities, understandably, levy a charge on their corporate volunteers. At Spring Community Hub we do not charge but we will ask you to consider donating to one of our fundraising campaigns and/or donating items to our clothes and food bank. Anything you are able to do on top of your volunteering is hugely appreciated but absolutely not necessary.

Please contact us on [office@springcommunityhub.org.uk](mailto:office@springcommunityhub.org.uk) or 07901 617189 if you would like to support our work and build your team's spirit.
